

Salah is the Mi'raj of a Mu'min

During Salah when we are focused and attentive our Salah ascends and we will reach our Mi'raj

Memory Game

This is a varied version of the memory game, as the students match the correct answers with the questions they move up the ladder (in other words gain points). The memory game helps students to learn to focus and concentrate. You will notice the more they play it the better they become at it. The same with salah, the more we practice to focus on our salah the better we become at it.

1. Print out the questions and answers below, cut them out and stick them on the board. Place the questions on one side of the board and answers on the other
2. Place sticky notes on all the questions and answers so the students are not able to read the questions and answers yet
3. Divide the class into two teams- Team A and Team B
4. Call upon one student from team A and ask him to peel a post it from one of the question cards. Then peel of a post it from the answer cards
5. If the question and answer match, remove those question and answer cards from the board, and Team A moves up one on the ladder (gets a point). If they do not match then replace the sticky notes
6. Call upon a member from Team B to do the same
7. Repeat until all the question and answer cards have been matched
8. Question cards, answer cards and point ladders provided below
