

Ma'rifah of Allah

Group activity – Knowing Allah through his creation

1. Pick a simple creation of Allah, such as 'water'
2. Divide the class into 3 groups
3. Assign each group a topic of water they should research on:
 - a. Uses of Water
 - b. Benefits of Water
 - c. The Water Cycle/The Hydrologic Cycle
4. Allow them some time to research, whilst researching connect their results with Allah all the time
5. Each group has a turn to come up in front of the class to present their research

Discussion

1. How such a simple creation of Allah – Water – has so many benefits, uses and nothing would be able to survive without it
2. Reflect and ponder on this creation after learning so much about it – have a class discussion
3. Think of other such creations of Allah and this will make you appreciate Allah and grow closer to Him
