Possible Answers:

Q1: Why is shaytan angry at the Human Race?

Because Allah asked him to bow down to Adam who was Human and made out of clay. Allah has given humans the capability to become closer to Allah even more than the Jinns and the Angels. Humans are Allah's best of creations.

Q2: Shaytan asked Allah to give him time till the day of Judgment. Why did he ask for this time?

He wants to prove to Allah that he made the wrong choice and that Shaytan should have been honoured and not Adam (Humans). He wanted Adam to bow down to him and not shaytan to bow down to Adam.

Q3: What are Shaytan's weakness and why is it important for us to know what they are?

His main weakness is when we perform acts that bring us closer to Allah. Acts like fasting, charity, duas, sajdah, Istagfar, Isti'adah etc. It is important to know so we can defend ourselves from him when he tries to attack us from all sides.
