

Salah is the best of deeds

Activity – Building a foundation

You will need:

Craft sticks (Popsicle sticks)

Playdough

1. Give each student some craft sticks and play dough
2. Ask them to make two different structures:
 - a. One with a weak foundation
 - b. One with a strong foundation
3. Build the structures as high as possible
4. Note that the structure with the strong foundation is able to be built much taller than the structure with the weak foundation

Discussion

Our salah is the pillar and foundation of all our deeds. The stronger our salah is the better our deeds will count.
