

Lutf of Allah

Latif means extremely kind, this is one great quality of Allah. Allah is extremely kind.

We should also try to be kind to others the way that Allah is kind to us.

- Make an envelope for each student with their name on it.
- Divide the students into groups of about 6-8 students.
- Provide each student with some post-it notes.
- Each student should write something kind about all the students in his/her group on a separate post – it note. Once he/she has written the note, put it into the envelope that belongs to the student.
- At the end of the activity there should be at least 5-7 notes (depending on the number of students in the group) for each student in his/her envelope.
- Give each student his/her envelope with their kind notes in them and give them all a chance to read their notes quietly.

After reading the notes, ask the students how they felt. Point out to them how it feels to be shown kindness and they should try and share the same kindness in their day to day lives with their parents, grandparents, siblings, friends and community members just the way that Allah always shows kindness to us.
