

Constructing a Kab'ah

1. Ask the students to bring a small square box from home
2. Either paint the box black or cover it with black paper
3. Use gold paper or gold fabric/ribbon to make the gold strip across the Kab'ah and the door of the Kab'ah
4. With the help of the students note on and around the Kab'ah the important aspects of the Holy place (you could use sticky notes)
